THE SMALL AND FAST ONE

The REINER *jetStamp 990* is characterised by **rapid speed** and particularly **handy use** thanks to its compact size.

The smallest device from the *jetStamp* family permits **quick** and **simple markings** on **any smooth or irregular surface**. Like its bigger siblings, the inkjet printer is characterised by **optimal integration options**: it can be used mobile at the **respective workplace integrated into the production**.

The integrated LC display shows the set print image easily legible at all times in order to prevent marking errors.

The robust *jetStamp 990* offers perfect flexibility with its **memory options**. Up to **25 customised texts** or special functions can be stored in the device. Five of these slots are filled with pre-set example images at delivery.
